SUNDAY WORKSHOPS

16TH OCTOBER 2022 10-4PM

TWO NEW SUNDAY WORKSHOPS ORGANISED BY THE FRIENDS OF PSAD

NICK PEARSON CUBIST ARTWORK

Georges Braque, Fruit Dish
and Cards, 1913

Create your own Cubist drawings and collages with artist and
college tutor Nick Pearson.

Artists use drawing as a way of investigating the world and how
that can be translated into a work of art on a flat surface. The
Cubists used drawing extensively and Georges Braque and Pablo
Picasso were the first to introduce collage elements as a
technique. We shall use some of their techniques of
fragmentation, overdrawing and abstraction to create our own
Cubist drawings. A list of materials required will be sent when
places are confirmed.

TINA VLASSOPULOS BURNISHING

We're delighted to be running a workshop with Tina Vlassopulos,
a London based potter who is known internationally for her
stunning coiled and burnished pots. Her beautiful sculptural
vessels evoke a sense of fluidity and energy that illustrate the
endless possibilities of clay. Tina's workshop is an opportunity for
experienced hand builders to extend their skills and knowledge
and to learn the technique of burnishing. No special equipment
is required. Just bring along the tools you use when coiling and a
metal spoon or smooth stone for burnishing.

THIS COURSE IS NOT SUITABLE FOR BEGINNERS!

www.tinavlassopulos.com

PRICE £75 INCLUDING LUNCH, TEA AND COFFEE
PRIORITY BOOKING FOR FRIENDS
MONDAY 26TH SEPTEMBER to 1ST OCTOBER
BOOKING FOR NON-MEMBERS OPENS 3RD OCTOBER

If a course is overbooked by the end of priority booking places will be allocated by ballot.
