

SUNDAY WORKSHOPS

SUNDAY 26 MARCH 2023

AT PUTNEY SCHOOL OF ART AND DESIGN
DISRAELI ROAD - 10AM-4PM
ORGANISED BY THE FRIENDS OF PSAD

SHAUN CAREY - PASTEL LANDSCAPES

We are delighted that Shaun Carey, artist and popular tutor will be running the next Friends Workshop. Using landscape as a starting point he will demonstrate, as well as referencing various artists, the versatility of pastel, guiding each student to explore the expressive possibilities of the medium. Students will be encouraged to develop a greater understanding of the 'feeling for' a subject that pastel can offer, through both painterly and graphic effects. A materials list will be sent prior to course.

RACHEL WOOD - CERAMICS

Rachel Wood, award-winning ceramicist and experienced pottery teacher, will be running our first pottery workshop of the year. Rachel is known for her beautiful, hand-built, multi-layered vessels which she creates by adding layer upon layer of slips and glazes to the clay so that her finished works are reminiscent of a subtly textured landscape. The workshop will include a demonstration and an insight into Rachel's methods and philosophy. Most importantly it will give students the opportunity to try Rachel's methods under her expert guidance.
